FARMINGTON VALLEY GYMNASTICS GENERAL INFORMATION

Welcome to Farmington Valley Gymnastics Competition Girls Team Program. In the many years of coaching competitive gymnastics we have had the pleasure of watching many children learn, grow, develop, and mature into outstanding young adults who are ready to face the world. They know how to work hard, set and achieve goals, work through frustration and setbacks, take risks and work with a wide variety of people. They know the meaning and worth of dedicated effort. They have the confidence that comes with the knowledge that they can accomplish amazing things if they put their mind to it. Our team program is run on a yearly basis, September to June is our competition season and the months of July and August are the months we use to perfect or prepare for the next level of competition. It is a requirement as a team member to commit on a yearly basis. Payments are to be paid monthly. Some months having five weeks and other months having three, the monthly fee will remain the same regardless of the numbers of weeks. Summer Training camps are also available at an additional cost. To help you understand the tuition payment procedure, it is important that you realize you are paying for a well-rounded gymnastics program. The Farmington Valley Gymnastics program has long-range goals and objectives to develop each child to the best of their ability as a gymnast and a person. We are in the business to develop responsible, healthy, happy kids and in doing this we are; “Shaping Kids For The Future”.

"XCEL is an alternative USA Gymnastics competitive program offering individual flexibility to coaches and gymnasts. (USA Gymnastics, usagym.org) Please speak to Erin for additional information.

TEAM NEWS - FVGTeam@gmail.com

Monthly FVG Newsletters will be emailed home. Email communication has been an important means to get information to parents quickly and a way for parents to keep the gym updated with

information regarding your child's participation in both meets and practices. Please be sure to check your emails often and keep your email information up to date. All email notices will be posted on a Team Parents Bulletin board, located in the center parent observation room on the left wall. Be sure to check there often to keep up to date as well. You can also stop by at the office for a copy if your computer is not working properly.

GYMNAST PRACTICE ATTIRE

Gymnast must wear appropriate attire to practice, leotard and bike shorts please. NO JEANS OR JEAN SHORTS ALLOWED FOR WARM-UPS. Tee shirts and sweatshirts must come off after warm-ups. Do not wear jewelry to practices! FVG is not responsible for items left behind.

BREAKS

Breaks are given occasionally, please send in a water bottle and a healthy snack to every practice. Please – No Soda or candy (Drinks and snacks are also available for purchase on site.)

CELL PHONE

The use of cell phones is prohibited during practice times. Checking text messages or social media statuses during practice is a distraction to the gymnasts causing them to lose focus during their practice.

SNOW CANCELLATION POLICY

Please call the Gym (860-793-1616) To listen to a message if weather is questionable. We will also try and send out an email notification, but this is not always possible, so please call if you are unsure. Make-up for canceled practices due to bad weather will be made up during vacation weeks in December and April when possible. However, make ups for weather cancellations are not guaranteed and there will be no reductions or refunds for these missed practices.

EXHIBITIONS & CLINICS

Occasionally Team Girls may be asked to participate in exhibitions and clinics, both at the gym and outside the gym. Invitation to participate in these events are at the coach's discretion. Gymnasts are expected to perform and participate with professionalism.

FLOOR ROUTINE CHOREOGRAPHY

Levels 6-10 & Xcel Floor and Beam Choreography must be discussed and organized through Erin. A private choreography lesson with a FVG coach or a private choreographer will need to be scheduled for an additional fee. All floor music and choreography must be approved. Optional floor routines will be kept for at least 2 years.

END OF THE YEAR GYM SHOW

The gymnasts and coaches will put on an end of the year themed gymnastics show/exhibition in June. This is a fun exciting event, in which the gymnasts will perform in a group and individual routines. Details such as ticket sales will be available to families in May. Groups performing will include our Tiny Talent Team, Team-N-Training, Xcel Team, & Team level 3-10.

END OF THE YEAR TEAM BANQUET

There will be an end of the year team banquet in June to celebrate and honor the individual and

teams achievements. All FVG team members and their families are invited to attend. The banquet is held at a local banquet facility. The gymnasts are paid for through the gym and parents pay for themselves and guests.

INJURIES & ILLNESS

Injured gymnasts are allowed and expected to participate in practice and gym activities to the best of their abilities, (conditioning, dance, allowable equipment) There is no reduction in tuition unless the extent of the injury exceeds one month's time with limited activities allowed. At that time, the tuition may be adjusted, depending on the circumstances. If a gymnast is injured during practice they are to notify a coach immediately so proper first aid is given. If a gymnast has a nagging injury that requires icing throughout practice they will be asked to ice in the lobby so that they are not a distraction to the other girls. If they are not able to continue practice or conditioning then a parent will be called to pick them up so they may rest and are not a distraction to the other girl's workout.

If an injury persists longer than two weeks, and they are kept from participating in all events including warm-ups & conditioning, we recommend that they be seen by a doctor before returning to practice. A note from the doctor as to treatment or restrictions will be needed in order to attend practices. If your daughter is ill or not up to practicing PLEASE keep them home. Injured or sick girls sitting around become a big distraction to others and pose a safety issue. If they are not able to work out they will be sent home. This is for their safety as well as the other girls. Please discuss with your daughter the importance of communicating with the coaches on how they are feeling (injured, sick, tired, etc.) The coaches are not mind readers and girls that are not working may be looked at as being lazy. We are compassionate if we are aware of a situation.

MULTIPLE SPORT / ACTIVITY PARTICIPATION

We understand that children and families like to be involved in many activities, and see the benefits of developing a well rounded athlete and individual, however when a child is involved in too many activities it can be difficult for them to give 100% in all of the areas. Please understand that being involved in multiple activities at once may hinder your child's progress and can cause them to be overwhelmed. Please discuss activities with your daughters coaches so that they are aware of their busy schedule and can help to avoid burnout when doing too much.

VIEWING PRACTICE

Parents are allowed to view portions of practice to see the hard work and progress by the athletes and coaches. However it is not recommended that they stay for the duration of the practice time as this becomes a distraction to the athletes (not only your child but the others as well). Added distractions can hinder the gymnasts progress and add unnecessary pressure to the gymnasts.

PRIVATE LESSONS

Private lessons should only be used for additional training on occasion when an athlete needs specific individual attention on a skill or event. We do not encourage private lessons on a consistent basis. The gymnasts should be getting all of the practice they need during their

regular scheduled practices. We want to try and avoid overuse injuries or burnout to the gymnasts. Situations that private lessons are appropriate for are choreography, mental blocks, or when one skill or event is lacking. Private lessons should not be done as a replacement to practices. All team training must be done at FVG and with FVG staff, training at outside facilities is viewed as a conflict of interest, with the exception of away camps and State clinics. Our coaches have a coach/gymnast relationship with your child and have learned how they process their training to help them progress in the best way for them. Outside training can possibly interfere with this learning progress. All private lessons and additional training needs to be pre-approved by Erin.

GENERAL INFORMATION ABOUT COMPETITION

This is a competitive program and girls need to be interested in competition in order to be a team member. It is required that the gymnast compete in at least 6 meets per season. However, it is recommended that the gymnast compete in as many meets as possible. This is what they train for and it will help them achieve their full potential. (Think about this! Would you sign your child up for soccer and not let them play in the games?) Participation at state championships is expected (if qualified). They are a very important part of the team as well as getting the whole experience of being on a competitive team. Levels 7+ also have the opportunity to qualify to represent CT in the region 6 championships. Regional qualifying varies by level.

Regional Championship qualifications available at the State Championships, requirements vary per level.

The scores required to move-up to the next level are guidelines set by USA Gymnastics but more importantly the skills needed to safely compete at the next level is the true factor as to whether a gymnast is ready to move to the next level. Time, age, personality and commitment are also taken into consideration for each individual as to when is the best time to move to the next level. We have coached many gymnasts and have learned through experience what works best and it varies from level to level and personality types. Please, your support is needed and appreciated.

Please Note: Girls will not be allowed to compete a specific skill (or event) in competition unless they are able to do the skill/skills by themselves in practice. It is important for the girls' safety that they are comfortable with their routines as to avoid injuries. They do not need to compete all around. It is recommended that they compete on any events they are ready for. Girls must attend their scheduled practice prior to a meet or they will not be allowed to compete in that meet.

for that day.

PARENT COMPETITION RULES AND EXPECTATIONS

1. It is the parent's responsibility to transport gymnasts to & from the competitions. An adult family member is required to stay at all competitions. If a gymnast gets hurt or sick (it does happen sometimes) then someone needs to be available to take them home. Please do not coach your daughter in the gym or at meets! This is the coach's job. Children should not feel that their parents' love or support is determined by the child's gymnastic ability.
2. As you watch your daughter try to focus on improvement in skills, do not compare scores to previous meets or to other gymnasts. This is a subjective sport and we try to keep the gymnasts focused on their performance and not scores. This is very hard to do, but try your best.
3. Be positive at all times! It requires extra work sometimes, but your attitude will determine your child's attitude and their success, both in gymnastics and in life.
4. Take responsibility for promoting Farmington Valley's reputation as a positive force in the lives of people; never make negative comments about other gyms, coaches, gymnast, or judges. As a Farmington Valley team parent, you also represent us and your behavior will reflect on our whole family. We encourage you to sit with other Farmington Valley team parents and form a cheering section.
5. Never speak negatively to a coach or question them in front of your daughter or another gymnast. As long as you publicly support the coach's authority, your child will continue to have respect for them.
6. When your daughter looks up at you in the stands, smile at her and show positive encouragement regardless of her performance. Let her know by your facial expressions that you are proud and love her unconditionally.
7. Every gymnast must have a Farmington Valley Gymnastics team gym bag that should be equipped with a small leak proof water bottle, their grip bag if they use grips, and a nutritious

snack (grapes, veggies, cereal, etc.) PLEASE LIMIT SNACKS - Meets are a lot quicker now and snacks are not necessarily needed. Too much food will hinder their performance as the body cannot process food and exercise at the same time. It also takes their focus away from the event they should be preparing for. Maybe keep snacks with you for the ride home.

8. If your daughter is sick or is not attending a meet that she is scheduled to attend please let the coach know as soon as possible. Please call Erin's cell phone 860-777-5806 by the morning of a meet if not attending.

9. If your daughter is placed in an incorrect age group or receives the wrong awards please see her coach as soon as possible. Do not approach the meet organizers or the host gym. Each host gym may change the cut-off date for ages and awards based on individual meet. Most meets are age based on the Level State Meet for that season. Gymnasts will be competing in the age group appropriate for them as of the date of the last competition in that season (state, regional, or national meet).
